Vice President – Chuck Hulka. The meeting has a quorum.

Nine clubs and approximately 710 individual club members, plus 12 members-at-large make up NWACC.

The rule change proposals approved at the February NWACC meeting are incorporated into the 2017 Competition Code/Speed Event Policies and Procedures. They may be found on the NWACC website.

The NWACC autocross program netted \$2,515.86.

The autocross timing equipment ordered in March was received last week. The upgrade cost is \$3,329.98. The equipment was set up with the existing timing system in the wireless mode and operates well. We expect the autocross timing system will operate in the wireless mode throughout the 2017 season.
